Sub: Regarding Digital Locker

Madam/Sir,

You are aware that, Govt. of India has launched Digital Locker facility for the citizens. Digital Locker provides users the facility to store their documents in a secured online locker. The service is operated by the Department of Electronics & Information Technology (DeitY) of the Ministry of Communications & IT, Govt. of India. To make the use of Digital Locker more citizen friendly, Govt. of India wants to integrate this facility with the online citizen centric services provided by various Departments. Necessary documents which are required for getting a particular service, can be shared from citizen's own Digital Locker to avail the online services.

As such, I am directed to request you to identify online citizen centric services provided by your department for integration with Digital Locker facility. Necessary technical support may be provided by the State e-Governance Mission Team in this regard.

Yours faithfully,

D. Bandyopadhyay
Joint Secretary to the
Government of West Bengal.
